MEMPHIS TO REACH CAPE HENRY FRIDAY

Cruiser Bearing Lindbergh Will Arrive in Navy Yard at Washington Saturday At 11 A. M.

2,000 TROOPS TO BE CALLED

Parade Down Pennsylvania Avenue Will Not Be Permitted to Pause, Due To Fear of Rush

Washington, June 9—(U.P.)—The cruiser Memphis with Capt. Charles Lindbergh aboard will arrive at Cape Henry, Virginia, about 4 o'clock Friday afternoon and will reach the navy yard here about 11 o'clock Saturday morning or shortly afterward, barring unforeseen delays, the navy department was advised today by vice-Admiral Guy H. Burrage, who is aboard.

In response to a suggestion from Ambassador Houghton that troops with bayonets might be necessary to guard Lindbergh on his arrival here, Brig. General Rockenbach, Washington commandant, today announced extraordinary precautions to guard the trans-oceanic flier.

Two thousand troops, all available army, navy marine and national guard reserves will be called to help the police.

Rockenbach announced that the Lindbergh parade down Pennsylvania Avenue would not be allowed to pause for a single moment for fear of a friendly rush that might cause disaster.

Lindbergh Is Puzzled

Aboard the U. S. S., Memphis enroute to Washington, June 9—(By wireless to the United Press)—A much puzzled, curly headed blonde youth surveyed a cloudless sky and a calm, lake-like ocean from the rail of the cruiser Memphis today, and wondered how he could be in half a dozen places at once for the next two weeks.

Thoroughly rested from the strain of his trans-Atlanic flight and the rush and bustle of ten days of enthusiastic receptions in Europe, Charles Lindbergh was fit for the ordeals of his American reception, but he did wish somebody would tell him how he could stay in Washington until Tuesday, as he has been asked to do, and still get to New York Monday, when that city expects him.

He has wireless invitations from cities and organizations all over the country, and most of them present just such puzzling conflicts.

Lindbergh probably is in better physical condition now than he has been at any time since he left San Diego to fly to St. Louis, New York, Paris and world fame.

WOULD FLY AROUND GLOBE

Chamberiln Discusses Flight and Levine Talks Ocean Air Line

Berlin, June 9—(U.P.)—A flight around the globe and a trans-Atlantic commercial airplane line—two projects involving millions of dollars— were proposed today by Clarence Chamberlin and Charles Levine.

True to their training, Chamberlin, the flier, was the one who considered the 30,000 mile world flight, and Levine, the business man turned to the commercial possibilities which their trans-Atlantic flight and that of Capt.. Charles Lindbergh opened up.

Levine said he had formulated a plan to invest $2,000,000 in establishing trans-Atlantic air service, which he hoped to start within a year. Mutli-motored planes, with a carrying capacity of 2,000 pounds, would be used, he said.

CRIMINAL ASSAULT CASE JURY IS HUNG

Seventeen Ballots Cast, it is Reported, Without Reaching Verdict in Willey Galimore Trial

GIRL'S STORIES CONFLICT

Daughter of Defendant, Prosecuting Witness, Shown to be Incorrigible—Ralph Gray out on Bond

The jury that heard the case of the state against Willey Gallimore, charged with criminal assault on his 15-year-old daughter, failed to agree on a verdict, and was discharged about nine o'clock Wednesday night.

The case was given over to the jury about 5 o'clock in the afternoon. It was stated that 17 ballots were taken by the jurors, the first few being 11 to 1 in favor of the defendant, and when the jury was discharged the jurors were said to have been voting 10 to 2 for acquittal.

The state's witness, Mildred Gallimore, the 15-year-old girl, is said to have told conflicting versions of the alleged affair on cross examination. The defense contended that the girl had been disciplined by her father and refused company with boys, and that the girl had made the statement to implicate her father for revenge. The girl, according to the evidence, was an incorrigible child, and was recently committed to an institution.

Ralph Gray, who was returned here Sunday from Detroit to face a charge of wife and child desertion, has been released from jail on $1,000 bond, and his trial will be set at an early date.

A citation for contempt of court has been filed by Roxie Gray against Wendall P. Gray, in which the defendant is charged with failing to abide by a divorce decree concerning an allowance. The court has ordered the defendant to appear to answer to the charge on June 18.

Flora Pusey, as executor of the estate of Francis W. Pusey, has filed a complaint against Eddie Campbell and others, the action being a petition for the appointment of a commissioner to execute a conveyance. The litigation involves real estate in Florida, which is a part of an estate.

In the case of the Peet Stock Remedy Company against Henry Sherwood, judgment has been entered by agreement in favor of the plaintiff for $153.12 and costs.

Judgment by agreement also has been entered in the case of Charles W. Miles against Frank Keith, the amount being for $193.47 and costs on a note.

Oneal Brothers company have been granted judgment by agreement against Carl Logan, the amount being for $36.19 and costs on an account.

BRAKE TESTS CONDUCTED BY STATE POLICE HERE

Charles Smith, Officer In Charge, Finds Only Small Per Cent Failing to Qualify

"SAFETY WEEK" CAMPAIGN

The testing of automobile brakes was being conducted in Rushville today by state police officer Charles Smith, assisted by local police, as a part of the "Safety Week" campaign which is being conducted this week throughout the state.

Motorists were also being instructed in the use of hand signals, and the purpose of the educational campaign this week is to assist motorists in reducing the number of motor accidents.

More than fifty machines were tested for their brakes in the campaign here today, Officer Smith stated. More would have been tested, but the officer ran out of blanks which are pasted on the windshields, to designate that the car has been given the break test.

The officer stated that the brakes on machines here were exceptionally good, and only a few of those tested were ordered into a garage for repairs. Motorists were glad of the opportunity of having the test

Huntington, Ind., Man Made President of Rotary International, Comments On His Policies

TO ESTABLISH GERMAN CLUB

Ostend, Belgium, June 9—(U.P.)—Rotary international spent this morning's session voting on officers, and since there were few contests for important positions more than a third of the American delegates had left or were preparing to leave on short tours of Europe.

Arthur H. Sapp of Huntington, Ind., who was unopposed for President of Rotary, told the United Press his administration would be centered on the important subject of international expansion, particularly in Europe, South America and the orient.

One of his first tasks, he predicted, would be establishment of a club in Germany, which now has none.

The formality of Sapp's unanimous election as president of Rotary international was carried out late in the afernoon. He was the only candidate.

MISS MORRIS TAUGHT THE SAME SCHOOL ROOM FOR A GENERATION

When the public schools resume next September, a little room on the second floor of the Havens buildings which houses the fourth grade, will not resound with a voice that has welcomed over a generation of children at the opening of each school term. Miss Georgia Morris, who last month brought to a close forty years of active teaching in Rush county, has taught school for the last twenty-seven consecutive years in the same room.

Miss Morris began her career many years ago in Freeman's school house in Richland township, immediately following her graduation from high school. This little school house just recently went out of existence with the coming of the large new building in that township. Many other county schools at which she has taught such as the Friendship school in Noble township, Flatrock school, Applegate school, and Pinhook school near New Salem, have since gone by the board. She has taught from the first to the eighth grades.

In 1898 Miss Morris was graduated from the State normal school at Terre Haute, and two years later began the long regime at the Havens school which ended two weeks ago. She is well known throughout the county, having been the instructor of many prominent residents.

Miss Morris announced her intention of retiring to H. B. Allman, superintendent of the city schools, recently. She is the third public school teacher that has taken advantage of the teacher's retirement fund which was created by law a few years ago. All teachers, under law, are required to pay a certain amount to a state fund each year, this fund to be used for finances when teachers become eligible to the pensions. Miss Morris will receive an income of $700 a year from the retirement fund. Miss Morris lives with her mother, Mrs. Charlotte Morris, in North Jackson street.

Miss Belle Gregg and Miss Ellen Madden are other Rushville teachers who have retired under the law.

FOUR TEACHERS LEAVE FACULTY

Only One of Vacancies Filled, According to Announcement Giving School Personnel For Next Year

FRANCES OVERPECK RESIGNS

Miss Margaret Ball to Succeed Miss Maude Jones, Granted Two Years Leave To Teach In Philippines

Four Rushville public school teachers have resigned, and only one of the vacancies has been filled, according to an announcement today by H. B. Allman, superintendent of schools, making public the personnel of the school organization for the forthcoming year.

Miss Georgia Morris, teacher of the fourth grade at the Havens building, has retired, having completed forty years of service as a teacher.

Miss Maude Jones resigned from the English department to engage in teaching in the Philippine Islands, having been granted a leave of absence for two years. The vacancy created by her resignation has been filled by the employment of Margaret Ball, daughter of Merrill Ball of this city. Miss Ball formerly taught in Noblesville and Cambridge City.

Frances Overpeck, instructor in physical training has resigned to continue her training. She will be a student in the State Normal School at Terre Haute next year.

Helen Peters of Lafayette, Ind., has resigned her position as kindergarten instructor.

No successors have been selected for Miss Morris, Miss Overpeck or Miss Peters.

Superintendent Allman went to Bloomington today to begin his duties as an instructor in summer school at Indiana university, where he taught last summer. He will have one class in high school administration and supervision and two classes in high school curriculum.

All teachers, with the exception of the four mentioned who resigned, have been retained for the next school year, and the personnel will be as follows:

HIGH SCHOOL, JUNIOR HIGH
L. A. Lockwood, Prin. High School, Science
Earl Chamberlain, Prin. Junior High

DEATH PENALTY NOT TO BE ASKED FOR WALSERS

Demand Will Be For Life Imprisonment Though Walser Deserves Electric Chair, Prosecutor Says

WILL BE ARRAIGNED MONDAY

Marion, Ind., June 9—(U.P.)—The death penalty will not be asked for Arthur and Dorothea Walser, prosecuting attorney Edward C. Hays announced today after the Walsers had been indicted by the Grant county grand jury for first degree murder in the poisoning of Mrs. Walser's 12-year-old cousin, Clifford Cox.

Hays declared that the electric chair was what Walser deserved for his part in the crime, but that because of the circumstances, he will demand only life imprisonment.

The pair will be arraigned before Judge J. Frank Charles Monday, but may not plead guilty.

HEALTH ESSENTIALS ARE IN THE HOME

Dr. Howard Mettel, Child's Specialist of Indianapolis Comments on Present Day Needs

KIWANIS CLUB SPEAKER

Underprivileged Children are Mal-Nourished and Not All From Poorer Homes as Formerly

"The essentials of health are within your own home," declared Dr. Howard Mettel, a child's specialist of Indianapolis, in an address today noon at the Kiwanis club, discussing the various phases concerning the underprivileged child of today.

The program today was in charge of the underprivileged child committee, and the speaker was obtained by Dr. M. C. Sexton, a member of that committee, who also introduced the speaker.

Guests today were Samuel H. Trabue and Dr. J. E. Walther of this city, Andy Fagel of Indianapolis and Mr. Dye of Columbus, O. George C. Wyatt was also announced as a new member and was presented with the Kiwanis button, and welcomed into the club by S. B. Groom, the president.

Dr. Mettel, in his address, stated that a person often thinks of an underprivileged child as being a cripple, a mentally deficient child, an idiot, or one who has some heriditary ailment, or from a poverty stricken family. Such was not the case he stated, as between 30 and 40 percent of the children listed as underprivileged are malnourished children, and from the better homes.

A child that is underweight, he stated, is therefore an underprivileged child. He declared that one who is 7 percent or more underweight, is at a danger point.

He took up the sub-groups of an undernourished child, and related what were termed as the old causes. He first mentioned poverty, but stated that newer investigations along this line showed that there was not as much undernourishment due to that agency, as was expected, because poverty does not exist today as much as it did years ago, due to outside agencies, clubs and organizations.

The same thing is true to the cause of the lack of food, as today there is no suffering anywhere for lack of food, and so malnutrition could not be blamed on starvation. He spoke of the era of fresh air, when physicians believed that outdoor living would cure many ailments of children, but he stated that other things were just as essential today.

His talk was illustrated with charts which he brought with him from work which is being done in the nutrition classes to remedy these defects. The nutrition projects, he stated, were doing much good to bring relief to the underprivileged child.

He explained that children are interested in the club work, just as

HOLDS UP IDEALS FOR TODAY'S GIRLS

The Rev. Gibson Wilson Points to Attributes That Will Make Admirable Woman of Tomorrow

SPEAKS TO 4H CLUB GIRLS

Nine Townships Represented at County Meeting, at Which Mothers of Members were Guests

"The boy or girl who is cheerful, courageous and sticks to the task until it is finished, is the kind of a person we will admire in the home of tomorrow," the Rev. Gibson Wilson pointed out in summing up the facts he stressed in his talk on "The Girl of Today—The Woman of Tomorrow," before the 4H club girls of the county and their mothers, who held a meeting Wednesday afternoon at the new high school gymnasium.

About eighty-five club girls responded to the roll call, representing nine of the twelve townships of the county, their mothers being their guests at this meeting. Preceding the Rev. Gibson Wilson's talk the girls gave a program of readings, music and demonstrations, for the entertainment of their mothers.

The program opened with a piano duet by Evelyn Kemple and Aileen Macy of Posey township, followed by readings by Margaret White of Ripley township, Leanore Myers of Rushville township, Wilna Woods of Posey township, Martha Boklman of Richland, Isabelle Hill of Washington township, Emma Beaver of Union township, Lorene Krammes of Walker township, Elsie Williams of Ripley eownship and Mary Ruth Bentley of Ripley. Omer Trusler was present and led the girls and their mothers in community singing, and Miss Lois Trowbridge, club leader of Center township, together with four of her girls, gave a splendid demonstration of table etiquette.

"I am proud of the gir who looks forward to the time when she will have a home to care for," the Rev. Mr. Wilson stated in beginning his talk. "The girls of today will see some of the problems that will be before the women of tomorrow, but that should noe discourage them. There will be many things to worry about, but I caution you not to reflect too much."

"There will be many new experiences come into your life, that will take away the monotony of life, after all," the speaker continued. "Books, literature and music will go to make the home of tomorrow, very much as it does today. The kind of books you read, the kind of music you have in your home and the kind of friendships you possess, will have so much to do with the fashioning of that home.

"In the case of the state, the question is politics, the school is faced with the educational problem, but the home is confronted with the problem of human interest," the

TO AID IN FLOOD RELIEF WORK

Maj. Gen. Trabue Appointed to Help In Survey and Distribution of Funds

Samuel L. Trabue, major general commanding the Uniform Rank, Knights of Pythias, has been appointed by Supreme Chancelor Richard S. Witte of Milwaukee to serve with Supreme Representative Benjamin B. Stein of Vicksburg, Miss., in making a survey and distributing supreme lodge Pythian flood relief funds to sufferers along the Mississippi river in the wake of the high waters.

Gen. Trabue will leave next week for Cairo, Ill., where he will begin the survey in the northern district. The supreme lodge is raising the fund throughout the domain for use where Pythian and Pythian Sisters are in great need of aid. The fund is not being raised with the idea of rehabilitation, Gen. Trabue said.

Gen. Trabue was in charge of the survey and distribution of funds in connection with the damage done by tornado in southern Illinois and Indiana in 1925.

Regular habits, prescribed diets and co-operation at home, are the essentials, he stated, in order to bring the child up to normal. He used various charts as examples and pointed out the gains or losses as evidence with red lines, showing how the child gained or lost during the course. If the child gets back to normal at the end of the course, he is given a diploma.

The most important part of the course, he stated, is the part which takes places during the six days of the week at home, when the parents must co-operate by giving the right diet, placing the control of their child at their command and not overdoing the child with outside work, such as music elssons, dancing lessons, extra school curricula and stenuous play.

Hazel Wuerth, Alleged Victim of "King" Ben Purnell, Describes Methods to Subjugate Girls

BIBLE USED FOR AUTHORITY

St. Joseph, Mich., June 9—(U.P.)—With several state witnesses still to be heard, suit to dissolve the House of David colony stood adjourned over the week-end today, following sensational testimony of Hazel Wuerth, former "Shiloh girl" and alleged victim of "King" Ben Purnell.

For four weeks, former members of the colony have testified concerning Purnell's alleged immortal practices, said to have been perpatrated under the guise of religious ceremony. Other girls will appear before the state concludes its case. The defense will then present scores of witnesses in refutation.

Mrs. Wuerth told yesterday of her experiences with Purnell and his method of subjecting girl inmates to his will.

"He showed us passages in the Bible," she said, "which he interpreted as indicating that Jesus did the same thing as Benjamin was trying to do. Benjamin claimed to be the younger brother of Jesus and said he was immortal. He told us we could obtain immortality if he purified us."

Mrs. Wuerth also related how she told the story of the House of David to President Woodrow Wilson soon after she left the colony. Going to Washington, she managed to obtain a personal interview and outlined the situation to the president.

"He seemed much interested," she said, "but after I left I received a letter from his secretary saying the President would not have time to go into the case."

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorized, will prove a priceless heritage in after years

Impotent Man: In God have I put my trust: I will not be afraid what man can do unto me. Psalm 56:11.

Prayer: Lord, when a man's ways please, Thee, Thou makest even his enemies to be at peace with him.

Congress Again

A special session of congress will be called early in October, it is announced in Washington. This will be less than two months before the regular session opens. The explanation for the special session is that so many matters of importance are pressing for action, the business before congress could not be transacted in the allotted time of the regular session, which expires by constitutional limitation.

Outstanding among the questions that will be considered are farm relief, tax reduction, Mississippi valley rehabilitation, election contests and deficiency appropriation bills.

Any one of these questions is a big one and deserving of very careful thought. One of them is an entirely new subject and the others are holdovers. The subject of seating Senators-elect Smith of Illinois and Vare of Pennsylvania, was the foundation of the trouble in the last session, which led to the failure of the deficiency appropriation bills and the subsequent embarrassment of the government.

The government has been hard pressed to make both ends meet due to the petty quarreling in the senate over the seating of the two senators who were elected last November. Many federal courts have been unable to function in the regular way, due to lack of funds, and already overcrowded dockets are being piled higher with cases.

Farm relief legislation will be an outstanding issue, with farm forces pressing with more vigor than ever their claim to have enacted a law similar to the Haugen-McNary bill, which was vetoed by President Coolidge at the last session.

This is legislation of vital importance to the welfare of the country, and if those who are in control are able to understand the wishes of the rural population of the country, they will make haste to give this piece of legislation an early right-of-way on the legislative program.

Power in the People

Unnecessarily high taxes, perhaps more than any other one thing, have a detering effect on development and growth of any community.

After all is said and done, the people themselves, or through their chosen representatives in legislative bodies, city, state and nation, fix the rate at which taxes must be levied and collected. There is an old saying that "you can't eat your cake and have it, too". It isn't possible to have everything under the sun in the way of public improvements, without paying for it with taxes.

Taxation increases are inevitable while people clamor for new and expensive services from government. The monumental buildings, new laws, long legislative sessions, the inspection systems, the school frills, the enforcement of new regulatory and prohibitory laws, all come at a price.

In theory, people do not object to paying for these things. But that is only true so long as the projects are in the realm of argument. When the tax bill comes for the new services, it comes with a sickening jolt. It eats into savings. It makes good ventures look like doubtful ventures. It flattens the family pocketbook.

FIFTEEN YEARS AGO TODAY

From Daily Republican
June 10, 1912

Verne Norris, clerk of the circuit court, pushed further into the political limelight, when he received a telegram from Theodore Roosevelt campaign managers in Chicago wanting him to come to that city for the Republican convention in order to assist in organizing the forces to carry the third termer's aspirations to the fore. A number of Rush county republicans are considering making the trip to Chicago.

Mr. and Mrs. Harlan Overleese and Mr. and Mrs. Albert Tower of Milroy took their lives in their hands when they went riding in an automobile yesterday. The machine skidded and crashed into a telephone pole giving the passengers a very close call. It was stated that the machine was not going over twenty miles an hour and the accident would never have occurred only for the dusty conditions of the road.

The local ball team was nosed out by the Indianapolis Navy club 11 to 0.

Byron Mauzy, a former resident of Rushville is being urged by his friends to run for Mayor of San Francisco.

Real estate to the amount of $57,390.73 has been sold in Rush county since the middle of May, according to real estate transfers for that period.

A union meeting of five of the churches of the city was held at the St. Paul M. E. church Sunday evening in honor of te Rev. J. S, Arvin, pastor of the First Baptist church, who preached his farewell sermon.

The local company of the Uniform Rank, Knights of Pythias went by automobiles yesterday to Wilkinson and attended the memorial services of the third regiment of the uniform rank.

Morris Winship has the contract for a new school building at Bentonville, the contract price being $15,000.

Paul Evans, three year old son of Mr. and Mrs. Burney Evans of near Clarksburg was fatally kicked in the face by a horse yesterday afternoon while playing in the barn lot at his home.

The county commissioners were in session this afternoon the meeting being for the purpose of receiving the plans for the proposed heating plant.

Yesterday's Hero—Tony Lazzeri, Yankee third baseman who knocked three home runs when the New York American League leaders beat the Chicago White Sox, second place team, in an 11 inning game. The score was 12-11.

A ninth inning rally when Reeves of the Senators scored on Rice's single gave Washington a 2-1 win over Cleveland.

The Boston Braves hit three of the St. Louis Cardinals' best pitchers—Flint Rehm, Grover C. Alexander and Herman Bell—14 times and won from the world's champions, 11-8.

Hal Carlson, bought by the Chicago Cubs from Philadelphia, was immediately put to work. He was aided by two Cub home runs, and the Bruins won 3-2.

Coming from the rear in the ninth, the New York Giants hit two home runs to beat Pittsburgh, 8-7. Cummings knocked out the first one, and Rogers Hornsby hit his 10th of the year with two on base.

A ninth inning rally by the Phillies fell short, and the Cincinnati Reds won a 5-4 victory over the Philadelphia Club. All the Phillies' runs were scored in the ninth.

A sixth inning rally, and a home run made by Fat Fothergill gave the Detroit Tigers a 5-3 win over the Boston Red Sox, despite 11 hits made by the Boston team off Lil Stoner.

The Philadelphia Athletics won from the St. Louis Browns 7-5. The Mackmen got 15 hits, 13 of them off Stewart in the first four innings.

IT'S the cigarette of the age — the triumph of all smoking history. Just reflect—at the time when more cigarettes are smoked than ever before—Camels passed them all.

Why? Figure it out and you'll find that Camel is made for the particular smoker whose taste, day by day, is more knowing of quality. Camels are rolled of the choicest Turkish and Domestic tobaccos grown. And what blending! Camel's smoothness and mellowness are qualities distinctive to this cigarette.

If you haven't yet tried them, you'll find all your smoking wishes come true in Camels. Mild, clear and smooth from morning to night. Always so satisfyingly good! *"Have a Camel!"*

HOLDS UP IDEALS FOR TODAY'S GIRLS

FROM PAGE ONE

Rev. Mr. Wilson pointed out. "So many mothers in this world are uncrowned queens. Those mothers are the source of which the blessings of tomorrow are coming to us today. It is she who plants the ideals into the children of the home, who are going out to make the nation what it is tomorrow."

As an illustration the Rev. Mr. Wilson told the story about the returning of the body of John Howard Payne to its last resting place in this country, after having lain in African soil for thirty years, because it was he who had written the words, "Be it Ever so Humble, There is No Place Like Home."

"This home which we are talking about must also have good cheer," said Mr. Wilson, "and also fun. God liked fun, or else he would not have made the monkey, donkey, polly parrot and some people in this world. The home must have courageous girls, who are determined to finish the tasks they begin."

As another illustration of this point, the speaker told the story of a girl who wanted to be a doctor, but everyone made fun of her because she did not have money. Her brother gave her a nickel in a jesting manner, and told her to take it for her education. She took the nickel, invested it in a bonnet and sold it for twenty-five cents. She took the twenty-five cents and invested it, and continued investing her profits until she had enough money to educate herself, and she did become a doctor therefore winning distinction for herself, on account of her courageous character." So girls that same kind of courage must be in the home of tomorrow, if it will be a success you wish it to be," he added.

In closing his talk, the Rev. Mr. Wilson stressed upon the girls the value of sticking to one thing until it is done. He praised the 4H organization and urged everyone to boost the club girls of the county.

H. D. VanMatre, county agent, presided at the meeting.

The program at the gymnasium closed with a piano duet by Lois Ruth Carwein and Jean Ester Brown of Posey township, and a short talk by Mrs. Fred Bell on the 4H club girls of the county. The girls and their mothers and guests went to Memorial Park and enjoyed a bountiful pitch-in lunch after the program, and a delightful social hour together. This meeting was such a success that the club girls voted to have a similar party for their mothers next year.

RHEUMATISM

May be relieved by rational treatment— it can not be rubbed away.

Are you one of those unfortunates who suffer with pains in your muscles and joints, commonly called rheumatism, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S.S.S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I suffered from rheumatism for a good many years. At times my joints would swell so, I couldn't walk. I tried almost everything. Went to Hot Springs . . . . then finally decided to try S.S.S. I took a course. In a short time the rheumatic pains entirely left me. I am now in perfect health, and want to add that I have tried all kinds of medicines but I think S.S.S. is the best." Earl C. Campbell, 115 West Main Street, Johnson City, Tenn.

S.S.S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

From youth to later years S.S.S. is a proven tonic—give it and take it where a tonic is indicated.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

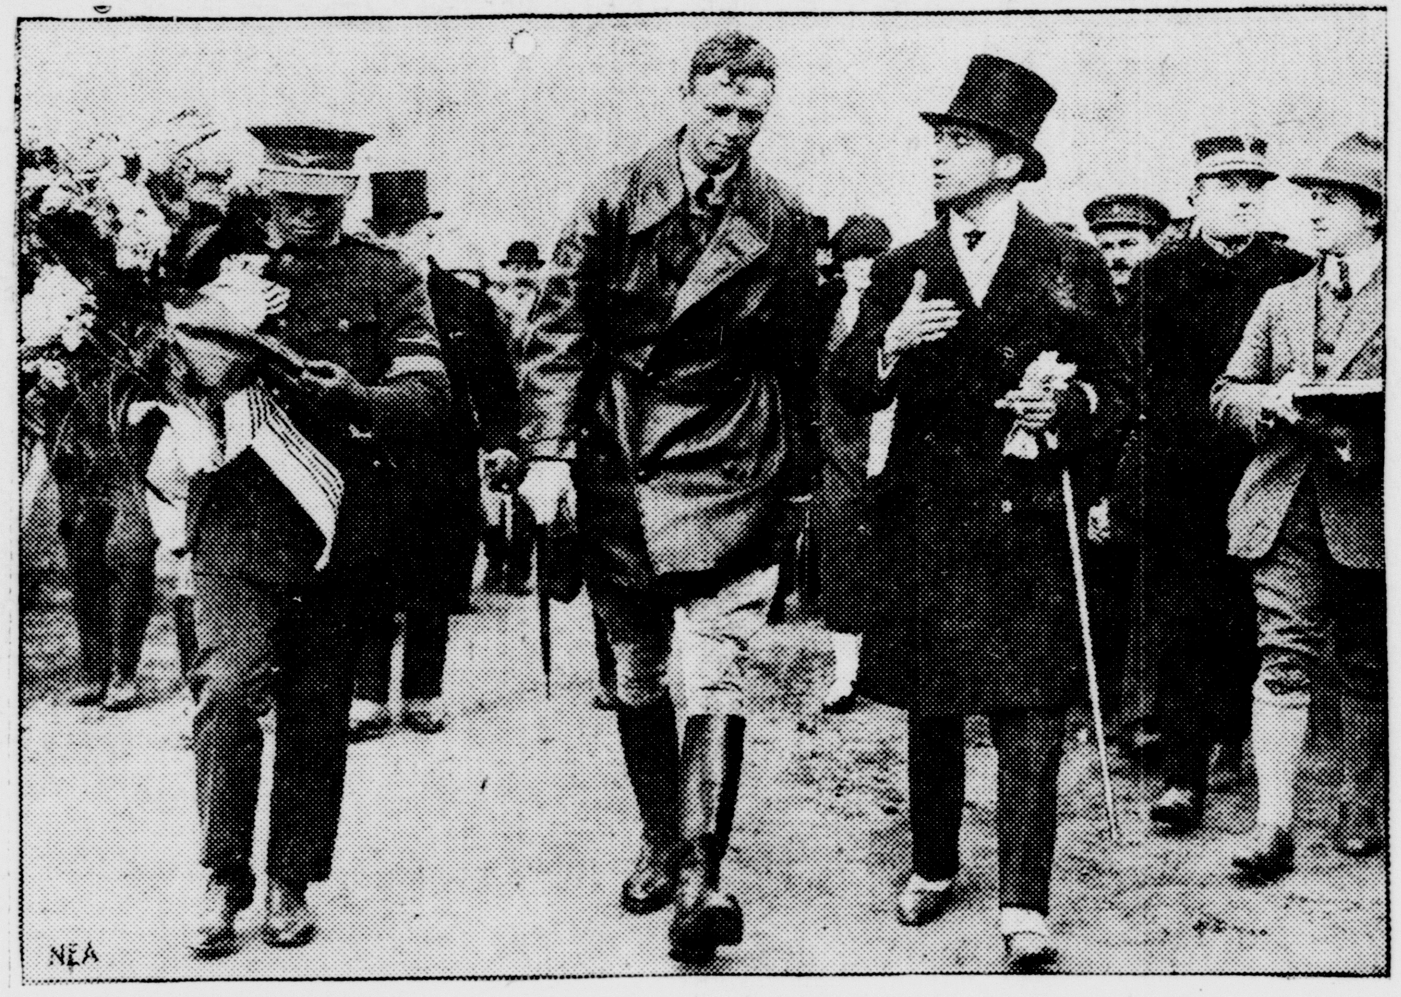
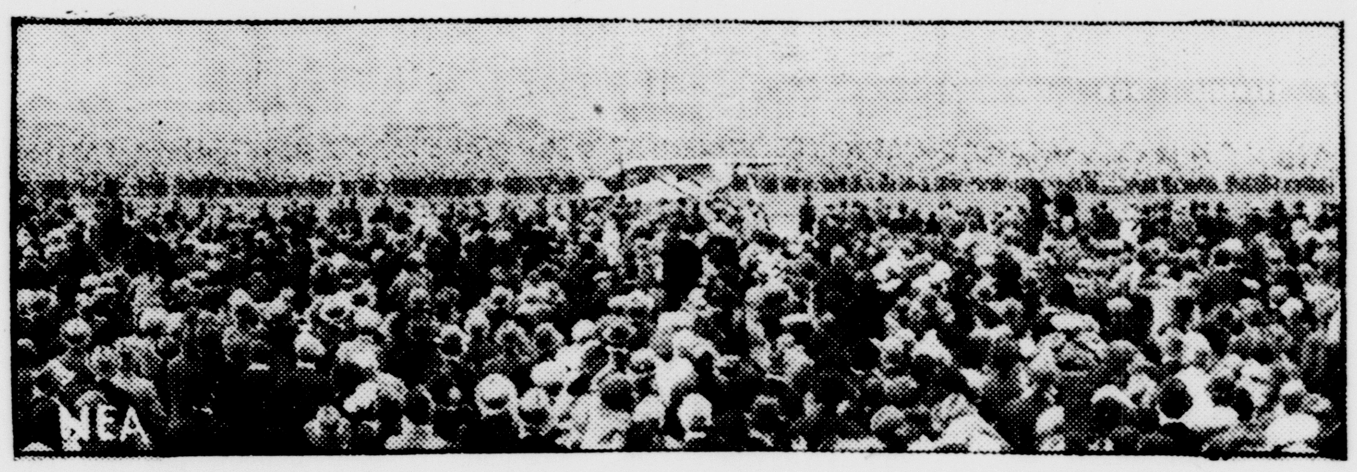
ORDER AND DISORDER — LINDBERGH AT BRUSSELS AND LONDON



Copyright, 1927, NEA Service, Inc.

Tousel-headed as ever, but spick and span otherwise, was Captain Lindbergh when he arrived in Brussels to visit King Albert. Here he is leaving the Brussels aerodrome after an orderly reception. The busy newspaper artist at the right is sketching him as he walks. At the left, a Belgian Air Force member carries a great bouquet presented to Lindbergh when he stepped from his plane.



The "Spirit of St. Louis" was just coming to rest on Croydon Field, London, and thousands of persons were breaking police lines in a rush for it, as this picture was taken. Captain Lindbergh was almost mobbed when the two masses of frantic humanity came together.

GIRLS OF SCHOOL AGE KEEP IN GOOD HEALTH

They Find Lydia E. Pinkham's Vegetable Compound a Dependable Medicine

LOUISE LOUTHAN
ROUTE 2, CHARLESTON, ILLINOIS

From the days of the polonaise to the days of the radio, mothers have given this dependable medicine to their daughters. School girls are often careless. They get wet feet. They overstudy or they tire themselves with too many dances and parties. They get run down.

Many an active girl of today, like the demure maiden of the 1870's, has found that Lydia E. Pinkham's Vegetable Compound is helping her to find better health and energy.

"I gave my fifteen-year-old girl Lydia E. Pinkham's Vegetable Compound, and it did her a wonderful lot of good. She had been out of school for four months. I read the advertisements of the Vegetable Compound, and since she has taken it she has improved and has gone back to school again. I recommend the Vegetable Compound to other mothers with girls who are not as strong as they should be."—Mrs. Alice Louthan, Route 2, Charleston, Illinois.

"My daughter was out of school two terms. I have known about Lydia E. Pinkham's Vegetable Compound all my life and finally decided that she should try it. Three bottles helped her in various ways for the next couple of years."—Mrs. W. E. Gillette, 986 E. 52nd Place, Los Angeles, Calif.

"I have always been sickly, and until I was fourteen my father was very strict about my perfect attendance at grammar school. I have gone to school through hard storms and often taken cold. When I was fourteen I took to my bed and did not get up for eighteen months. Everyone thought I could not live. Just four months ago I began taking your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, and I could notice a great change almost at once. Now I feel like a new person. I wish all girls would try Lydia E. Pinkham's wonderful medicine."—Mrs. C. M. Smith, Union Village, Vermont.

Walker Twp. Farm Sale Banning Land and Lot

ON SATURDAY, JUNE 18, 1927, at one o'clock P. M.,, at the Law Office of Morris, Morris and Morris, in Miller Law Building, in Rushville, I will offer at private sale, the two hundred and fifty and a fraction acres of land, formerly known as the Frank A. Mull farm, located about one and a half miles north of Manilla. Its western boundary is the Rush - Shelby County line. Good highway on north and east sides.

It is thoroughly drained, all tillable and is equipped with all buildings and improvements that could be desired, and all good.

THE SOIL

Located in the rich land district of western Rush and Eastern Shelby Counties, the soil is of unchallenged fertility. Crops never fail. No waste land. All ready for farming, without erecting new buildings or structures. Plenty of barn room.

NATURAL GAS WELL

There is an excellent natural gas well on this land which furnishes an abundance, for domestic use, of that rare and highly prized luxury.

The farm is splendidly located, close to good shipping point (Manilla) and furnishes as desirable a place for residence as may be found in the County.

INVESTMENT

There are few farms in Central Indiana, of so rich a soil, and so well equipped for practical farming. The purchaser will have the safest of all investments—rich farm land, well improved. It will, in times of depression, yield a much better net return than any tax free security the market affords; and the value of this farm is as sure of a great advance in the future as that the total wealth and population of the country shall progressively increase. Opportunity may knock for you but once. Invest in REAL PROPERTY, all ready to work for you in the future, as it has in the past for former owners. It has and will yield more food, acre for acre, than is now furnished by European farms, selling for from $500.00 to $1,000.00 per acre. Our own population is increasing between one and two millions per year. Europe is recovering from the waste of the World War, that soon it will require all our surplus of agricultural products.

At same time and place I will offer the undivided half of Manilla Business Block Property. For further information, inquire of

"GOOD ENOUGH" ISN'T SATISFACTION

You have so often heard that phrase "That will be good enough." When it comes to mechanical work on your car, that phrase means less than elswhere. There is no "good enough," it must be right. If it isn't, things will soon begin to tell. The difference comes in knowing how. It may be easy if you know how but it is more than hard if you don't.

We have the reputation of knowing how.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

Life Story of Capt. Lindbergh Who Flew to Fame in 34 Hours

By MORRIS DE HAVEN TRACY
(U. P. Staff Correspondent)

(Copyright, 1927, by United Press)

CHAPTER SEVEN

Out in Montana, Wyoming and Colorado most everyone who went to a country fair between 1922 and 1925 has membership in the "I've seen Lindbergh Fly" Club.

During those years Charlie Lindbergh had just turned 20 years. He was at heart a lover adventurer and he headed west to find it.

In 1922, after he had tired of giving the townspeople of Little Falls, Minnesota, airplane rides, he joined Harold J. Lynch, now of Butte, Montana, and the two barnstormed through the west thrilling the people who gathered at county fairs with the capers they cut in their airplanes.

Lynch was the senior flier. He had been a flight instructor training army aviators during the war and, for that matter, he still is a well known aviator in the west.

"I knew Lindbergh in those days as a fellow who had more pure grit than anyone I had ever seen," said Lynch, telling of their experiences.

"First he was with us as a mechanic, then he became a parachute jumper and general aerial dare-devil.

"One of his stunts was to walk out on the wing of a plane going 90 miles an hour and step off into the air with his parachute. That made many a Roman holiday for the folks who went to the country fairs.

"Everyone called him 'Slim' out there.

"He knew how to fly and pretty soon he had a plane of his own and was ready either to be the parachute jumper or to pilot a 'stunt' machine —whatever the people wanted."

He soon was giving more thrills per hour of flying than any other flier could offer. The "falling leaf" the "Immelmann turn" spins, dives and all of the capers that airmen have invented to make watching crowds gasp with excitement, seemed to come easy to Lindbergh.

"He simply out-aced all the other aces," said Lynch, "with his daring and his tricks.

"His particular specialty was to ascend to a great height, loop and turn in a dizzy series of maneuvers and then swoop down at terrific speed, until even aviators thought he surely would crash. He would come closer to earth than any other flier dared, but he always had control of his plane and just about the moment they were calling for the ambulance to be ready to carry 'Slim' away, his plane would stick its nose up and he would soar away again in a graceful ascent.

"I always wondered when I saw him do that, whether anyone in the crowd had a weak heart. If anyone did, that trick certainly would stop it completely.

Lindbergh became known not only for his stunt flying in Montana, Wyoming and Colorado at that time, but for the characeristic he still has, namely that of being on time at all costs. It became a matter of general knowledge that when Lindbergh was scheduled to fly at a county fair or public carnival, it was certain that Lindbergh would fly. That was not always true of all the aviators who were barnstorming in those days. Many times he would complete his program at one fair, get into his plane and fly, regardless of weather, to the next town for an appearance the following day, braving storms and most difficult flying conditions, rather than disappoint the public.

When the flying season was over Lindbergh went to work in a garage in Billings, Montana. As a sideline to his work as a mechanic, he did parachute drops from time to time, as a bit of advertising for the garage.

Finally Lindbergh tired of Montana and decided to go back to Little Falls. He made his way to the headwaters of the Missouri river and there got a canoe and decided he would go home by boat, canoeing down the Missouri to the Mississippi and then up the Mississippi to Little Falls. He started out alone, as he has been on most of his adventures. All went well until the trip was well underway. Then the boat got caught in an eddy, overturned, sank and left Lindbergh without means of transportation and barely left him alive.

WANTED—500 more customers. Why? First I want to have this store running at full capacity, busy all the time and I find that the shoes I am selling are giving real service so that my customers do not have to see me only one or two times a year so that I am in need of 500 new customers.

All shoes are advancing in price. Will endeavor to hold my retail price where it has been and the only way to break even in this is to sell more shoes. Nearly all lines are advancing; one way they have of helping the poor farmer. Wheat and Corn are higher (not many have any for sale) and then everything that he buys goes up.

It pays to buy your footwear from a practical shoe man, so many little things can be left out of a shoe, that should be there for wear and I should know shoes. I always insist that something extra be added to my shoes, one reason they are giving service.

The buying public is doing more shopping and you are welcome to make my store a visit, compare my shoes and prices for I know that I do sell you better shoes for less money; there is a very good reason why I do this.

June 16th will be a holiday for all fishermen in Indiana and my store may be closed part of this day. It depends on what kind of a day June 16th will be.

Get behind the wheel—and Chrysler "60" will give you 60 miles and more an hour as long as you care to have it with an ease and lack of effort that can only be described as typically Chrysler.

At high speed, step on the brake—the same simple, safe and sure hydraulic four-wheel brake as on the higher-priced Chrysler "70" or Imperial "80"—and the "60" will gently glide to rest or give you a split-second full-stop for the emergency.

Test Chrysler "60" any way you will. For ease of performance and riding, ease of control and handling, there's no getting away from the fact that the six-cylinder Chrysler "60"—with seven-bearing crankshaft, invar-strut pistons, manifold heat control, impulse neutralizer, oil filter, air cleaner, full pressure lubrication, road levelizers and many other features—is obviously unapproachable value in its price class.

We invite you to drive the "60" and note its outstanding differences on the road. Experience its superiorities and never again will you be content with any car offering less in performance at such price.

MEMPHIS TO REACH CAPE HENRY FRIDAY

Cruiser Bearing Lindbergh Will Arrive in Navy Yard at Washington Saturday At 11 A. M.

2,000 TROOPS TO BE CALLED

Parade Down Pennsylvania Avenue Will Not Be Permitted to Pause, Due To Fear of Rush

Washington, June 9—(U.P.)—The cruiser Memphis with Capt. Charles Lindbergh aboard will arrive at Cape Henry, Virginia, about 4 o'clock Friday afternoon and will reach the navy yard here about 11 o'clock Saturday morning or shortly afterward, barring unforeseen delays, the navy department was advised today by vice-Admiral Guy H. Burrage, who is aboard.

In response to a suggestion from Ambassador Houghton that troops with bayonets might be necessary to guard Lindbergh on his arrival here, Brig. General Rockenbach, Washington commandant, today announced extraordinary precautions to guard the trans-oceanic flier.

Two thousand troops, all available army, navy marine and national guard reserves will be called to help the police.

Rockenbach announced that the Lindbergh parade down Pennsylvania Avenue would not be allowed to pause for a single moment for fear of a friendly rush that might cause disaster.

Lindbergh Is Puzzled

Aboard the U. S. S., Memphis enroute to Washington, June 9—(By wireless to the United Press)—A much puzzled, curly headed blonde youth surveyed a cloudless sky and a calm, lake-like ocean from the rail of the cruiser Memphis today, and wondered how he could be in half a dozen places at once for the next two weeks.

Thoroughly rested from the strain of his trans-Atlanic flight and the rush and bustle of ten days of enthusiastic receptions in Europe, Charles Lindbergh was fit for the ordeals of his American reception, but he did wish somebody would tell him how he could stay in Washington until Tuesday, as he has been asked to do, and still get to New York Monday, when that city expects him.

He has wireless invitations from cities and organizations all over the country, and most of them present just such puzzling conflicts.

Lindbergh probably is in better physical condition now than he has been at any time since he left San Diego to fly to St. Louis, New York, Paris and world fame.

WOULD FLY AROUND GLOBE

Chamberiln Discusses Flight and Levine Talks Ocean Air Line

Berlin, June 9—(U.P.)—A flight around the globe and a trans-Atlantic commercial airplane line—two projects involving millions of dollars— were proposed today by Clarence Chamberlin and Charles Levine.

True to their training, Chamberlin, the flier, was the one who considered the 30,000 mile world flight, and Levine, the business man turned to the commercial possibilities which their trans-Atlantic flight and that of Capt. Charles Lindbergh opened up.

Levine said he had formulated a plan to invest $2,000,000 in establishing trans-Atlantic air service, which he hoped to start within a year. Mutli-motored planes, with a carrying capacity of 2,000 pounds, would be used, he said.

CRIMINAL ASSAULT CASE JURY IS HUNG

Seventeen Ballots Cast, it is Reported, Without Reaching Verdict in Willey Galimore Trial

GIRL'S STORIES CONFLICT

Daughter of Defendant, Prosecuting Witness, Shown to be Incorrigible—Ralph Gray out on Bond

The jury that heard the case of the state against Willey Gallimore, charged with criminal assault on his 15-year-old daughter, failed to agree on a verdict, and was discharged about nine o'clock Wednesday night.

The case was given over to the jury about 5 o'clock in the afternoon. It was stated that 17 ballots were taken by the jurors, the first few being 11 to 1 in favor of the defendant, and when the jury was discharged the jurors were said to have been voting 10 to 2 for acquittal.

The state's witness, Mildred Gallimore, the 15-year-old girl, is said to have told conflicting versions of the alleged affair on cross examination. The defense contended t hat the girl had been disciplined by her father and refused company with boys, and that the girl had made the statement to implicate her father for revenge. The girl, according to the evidence, was an incorrigible child, and was recently committed to an institution.

Ralph Gray, who was returned here Sunday from Detroit to face a charge of wife and child desertion, has been released from jail on $1,000 bond, and his trial will be set at an early date.

A citation for contempt of court has been filed by Roxie Gray against Wendall P. Gray, in which the defendant is charged with failing to abide by a divorce decree concerning an allowance. The court has ordered the defendant to appear to answer to the charge on June 18.

Flora Pusey, as executor of the estate of Francis W. Pusey, has filed a complaint against Eddie Campbell and others, the action being a petition for the appointment of a commissioner to execute a conveyance. The litigation involves real estate in Florida, which is a part of an estate.

In the case of the Peet Stock Remedy Company against Henry Sherwood, judgment has been entered by agreement in favor of the plaintiff for $153.12 and costs.

Judgment by agreement also has been entered in the case of Charles W [illegible]es against Frank Keith, the amount being for $193.47 and costs on a note.

Oneal Brothers company have been granted judgment by agreement against Carl Logan, the amount being for $36.19 and costs on an account.

BRAKE TESTS CONDUCTED BY STATE POLICE HERE

Charles Smith, Officer In Charge, Finds Only Small Per Cent Failing to Qualify

"SAFETY WEEK" CAMPAIGN

The testing of automobile brakes was being conducted in Rushville today by state police officer Charles Smith, assisted by local police, as a part of the "Safety Week" campaign which is being conducted this week throughout the state.

Motorists were also being instructed in the use of hand signals, and the purpose of the educational campaign this week is to assist motorists in reducing the number of motor accidents.

More than fifty machines were tested for their brakes in the campaign here today. Officer Smith stated. More would have been tested, but the officer ran out of blanks which are pasted on the windshields, to designate that the car has been given the break test.

The officer stated that the brakes on machines here were exceptionally good, and only a few of those tested were ordered into a garage for repairs. Motorists were glad of the opportunity of having the test

MISS MORRIS TAUGHT THE SAME SCHOOL ROOM FOR A GENERATION

When the public schools resume next September, a little room on the second floor of the Havens buildings which houses the fourth grade, will not resound with a voice that has welcomed over a generation of children at the opening of each school term. Miss Georgia Morris, who last month brought to a close forty years of active teaching in Rush county, has taught school for the last twenty-seven consecutive years in the same room.

Miss Morris began her career many years ago in Freeman's school house in Richland township, immediately following her graduation from high school. This little school house just recently went out of existence with the coming of the large new building in that township. Many other county schools at which she has taught such as the Friendship school in Noble township, Flatrock school, Applegate school, and Pinhook school near New Salem, have since gone by the board. She has taught from the first to the eighth grades.

In 1898 Miss Morris was graduated from the State normal school at Terre Haute, and two years later began the long regime at the Havens school which ended two weeks ago. She is well known throughout the county, having been the instructor of many prominent residents.

Miss Morris announced her intention of retiring to H. B. Allman, superintendent of the city schools, recently. She is the third public school teacher that has taken advantage of the teacher's retirement fund which was created by law a few years ago. All teachers, under law, are required to pay a certain amount to a state fund each year, this fund to be used for finances when teachers become eligible to the pensions. Miss Morris will receive an income of $700 a year from the retirement fund. Miss Morris lives with her mother, Mrs. Charlotte Morris, in North Jackson street.

Miss Belle Gregg and Miss Ellen Madden are other Rushville teachers who have retired under the law.

FOUR TEACHERS LEAVE FACULTY

FRANCES OVERPECK RESIGNS

Miss Margaret Ball to Succeed Miss Maude Jones, Granted Two Years Leave To Teach In Philippines

Four Rushville public school teachers have resigned, and only one of the vacancies has been filled, according to an announcement today by H. B. Allman, superintendent of schools, making public the personnel of the school organization for the forthcoming year.

Miss Georgia Morris, teacher of the fourth grade at the Havens building, has retired, having completed forty years of service as a teacher.

Miss Maude Jones resigned from the English department to engage in teaching in the Philippine Islands, having been granted a leave of absence for two years. The vacancy created by her resignation has been filled by the employment of Margaret Ball, daughter of Merrill Ball of this city. Miss Ball formerly taught in Noblesville and Cambridge City.

Frances Overpeck, instructor in physical training has resigned to continue her training. She will be a student in the State Normal School at Terre Haute next year.

Helen Peters of Lafayette, Ind., has resigned her position as kindergarten instructor.

No successors have been selected for Miss Morris, Miss Overpeck or Miss Peters.

Superintendent Allman went to Bloomington today to begin his duties as an instructor in summer school at Indiana university, where he taught last summer. He will have one class in high school administration and supervision and two classes in high school curriculum.

All teachers, with the exception of the four mentioned who resigned, have been retained for the next school year, and the personnel will be as follows:

Hays announced today after the Walsers had been indicted by the Grant county grand jury for first degree murder in the poisoning of Mrs. Walser's 12-year-old cousin, Clifford Cox.

Hays declared that the electric chair was what Walser deserved for his part in the crime, but that because of the circumstances, he will demand only life imprisonment.

The pair will be arraigned before Judge J. Frank Charles Monday, but may not plead guilty.

HEALTH ESSENTIALS ARE IN THE HOME

Dr. Howard Mettel, Child's Specialist of Indianapolis Comments on Present Day Needs

KIWANIS CLUB SPEAKER

Underprivileged Children are Mal-Nourished and Not All From Poorer Homes as Formerly

"The essentials of health are within your own home," declared Dr. Howard Mettel, a child's specialist of Indianapolis, in an address today noon at the Kiwanis club, discussing the various phases concerning the underprivileged child of today.

The program today was in charge of the underprivileged child committee, and the speaker was obtained by Dr. M. C. Sexton, a member of that committee, who also introduced the speaker.

Guests today were Samuel H. Trabue and Dr. J. E. Walther of this city, Andy Fagel of Indianapolis and Mr. Dye of Columbus, O. George C. Wyatt was also announced as a new member and was presented with the Kiwanis button, and welcomed into the club by S. B. Groom, the president.

Dr. Mettel, in his address, stated that a person often thinks of an underprivileged child as being a cripple, a mentally deficient child, an idiot, or one who has some heriditary ailment, or from a poverty stricken family. Such was not the case he stated, as between 30 and 40 percent of the children listed as underprivileged are malnourished children, and from the better homes.

A child that is underweight, he stated, is therefore an underprivileged child. He declared that one who is 7 percent or more underweight, is at a danger point.

He took up the sub-groups of an undernourished child, and related what were termed as the old causes. He first mentioned poverty, but stated that newer investigations along this line showed that there was not as much undernourishment due to that agency, as was expected, because poverty does not exist today as much as it did years ago, due to outside agencies, clubs and organizations.

The same thing is true to the cause of the lack of food, as today there is no suffering anywhere for lack of food, and so malnutrition could not be blamed on starvation. He spoke of the era of fresh air, when physicians believed that outdoor living would cure many ailments of children, but he stated that other things were just as essential today.

His talk was illustrated with charts which he brought with him from work which is being done in the nutrition classes to remedy these defects. The nutrition projects, he stated, were doing much good to bring relief to the underprivileged child.

He explained that children are interested in the club work, just as

HOLDS UP IDEALS FOR TODAY'S GIRLS

The Rev. Gibson Wilson Points to Attributes That Will Make Admirable Woman of Tomorrow

SPEAKS TO 4H CLUB GIRLS

Nine Townships Represented at County Meeting, at Which Mothers of Members were Guests

"The boy or girl who is cheerful, courageous and sticks to the task until it is finished, is the kind of a person we will admire in the home of tomorrow," the Rev. Gibson Wilson pointed out in summing up the facts he stressed in his talk on "The Girl of Today—The Woman of Tomorrow," before the 4H club girls of the county and their mothers, who held a meeting Wednesday afternoon at the new high school gymnasium.

About eighty-five club girls responded to the roll call, representing nine of the twelve townships of the county, their mothers being their guests at this meeting. Preceding the Rev. Gibson Wilson's talk the girls gave a program of readings, music and demonstrations, for the entertainment of their mothers.

The program opened with a piano duet by Evelyn Kemple and Aileen Macy of Posey township, followed by readings by Margaret White of Ripley township, Leanore Myers of Rushville township, Wilna Woods of Posey township, Martha Boklman of Richland, Isabelle Hill of Washington township, Emma Beaver of Union township, Lorene Krammes of Walker township, Elsie Williams of Ripley eownship and Mary Ruth Bentley of Ripley. Omer Trusler was present and led the girls and their mothers in community singing, and Miss Lois Trowbridge, club leader of Center township, together with four of her girls, gave a splendid demonstration of table etiquette.

"I am proud of the gir who looks forward to the time when she will have a home to care for," the Rev. Mr. Wilson stated in beginning his talk. "The girls of today will see some of the problems that will be before the women of tomorrow, but that should noe discourage them. There will be many things to worry about, but I caution you not to reflect too much."

"There will be many new experiences come into your life, that will take away the monotony of life, after all," the speaker continued. "Books, literature and music will go to make the home of tomorrow, very much as it does today. The kind of books you read, the kind of music you have in your home and the kind of friendships you possess, will have so much to do with the fashioning of that home.

"In the case of the state, the question is politics, the school is faced with the educational problem, but the home is confronted with the problem of human interest," the

Maj. Gen. Trabue Appointed to Help In Survey and Distribution of Funds

Stein of Vicksburg, Miss., in making a survey and distributing supreme lodge Pythian flood relief funds to sufferers along the Mississippi river in the wake of the high waters.

Gen. Trabue will leave next week for Cairo, Ill., where he will begin the survey in the northern district. The supreme lodge is raising the fund throughout the domain for use where Pythian and Pythian Sisters are in great need of aid. The fund is not being raised with the idea of rehabilitation, Gen. Trabue said.

they are interested in play, Sunday School or other forms of diversion. The parents must co-operate, he explained. The school is held once a week. A child is given a chart, which shows their weight at the start of the eight weeks course.

Regular habits, prescribed diets and co-operation at home, are the essentials, he stated, in order to bring the child up to normal. He used various charts as examples and pointed out the gains or losses as evidence with red lines, showing how the child gained or lost during the course. If the child gets back to normal at the end of the course, he is given a diploma.

The most important part of the course, he stated, is the part which takes places during the six days of the week at home, when the parents must co-operate by giving the right diet, placing the control of their child at their command and not overdoing the child with outside work, such as music elsons, dancing lessons, extra school curricula and stenuous play.

Hazel Wuerth, Alleged Victim of "King" Ben Purnell, Describes Methods to Subjugate Girls

BIBLE USED FOR AUTHORITY

St. Joseph, Mich., June 9—(U.P.)—With several state witnesses still to be heard, suit to dissolve the House of David colony stood adjourned over the week-end today, following sensational testimony of Hazel Wuerth, former "Shiloh girl" and alleged victim of "King" Ben Purnell.

For four weeks, former members of the colony have testified concerning Purnell's alleged immortal practices, said to have been perpatrated under the guise of religious ceremony. Other girls will appear before the state concludes its case. The defense will then present scores of witnesses in refutation.

Mrs. Wuerth told yesterday of her experiences with Purnell and his method of subjecting girl inmates to his will.

"He showed us passages in the Bible," she said, "which he interpreted as indicating that Jesus did the same thing as Benjamin was trying to do. Benjamin claimed to be the younger brother of Jesus and said he was immortal. He told us we could obtain immortality if he purified us."

Mrs. Wuerth also related how she told the story of the House of David to President Woodrow Wilson soon after she left the colony. Going to Washington, she managed to obtain a personal interview and outlined the situation to the president.

"He seemed much interested," she said, "but after I left I received a letter from his secretary saying the President would not have time to go into the case."

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorized, will prove a priceless heritage in after years.

Impotent Man: In God have I put my trust: I will not be afraid what man can do unto me. Psalm 56:11.

Prayer: Lord, when a man's ways please, Thee, Thou makest even his enemies to be at peace with him.

Congress Again

A special session of congress will be called early in October, it is announced in Washington. This will be less than two months before the regular session opens. The explanation for the special session is that so many matters of importance are pressing for action, the business before congress could not be transacted in the allotted time of the regular session, which expires by constitutional limitation.

Outstanding among the questions that will be considered are farm relief, tax reduction, Mississippi valley rehabilitation, election contests and deficiency appropriation bills.

Any one of these questions is a big one and deserving of very careful thought. One of them is an entirely new subject and the others are holdovers. The subject of seating Senators-elect Smith of Illinois and Vare of Pennsylvania, was the foundation of the trouble in the last session, which led to the failure of the deficiency appropriation bills and the subsequent embarrassment of the government.

The government has been hard pressed to make both ends meet due to the petty quarreling in the senate over the seating of the two senators who were elected last November. Many federal courts have been unable to function in the regular way, due to lack of funds, and already overcrowded dockets are being piled higher with cases.

Farm relief legislation will be an outstanding issue, with farm forces pressing with more vigor than ever their claim to have enacted a law similar to the Haugen-McNary bill, which was vetoed by President Coolidge at the last session.

This is legislation of vital importance to the welfare of the country, and if those who are in control are able to understand the wishes of the rural population of the country, they will make haste to give this piece of legislation an early right-of-way on the legislative program.

Power in the People

Unnecessarily high taxes, perhaps more than any other one thing, have a detering effect on development and growth of any community.

After all is said and done, the people themselves, or through their chosen representatives in legislative bodies, city, state and nation, fix the rate at which taxes must be levied and collected. There is an old saying that "you can't eat your cake and have it, too". It isn't possible to have everything under the sun in the way of public improvements, without paying for it with taxes.

Taxation increases are inevitable while people clamor for new and expensive services from government. The monumental buildings, new laws, long legislative sessions, the inspection systems, the school frills, the enforcement of new regulatory and prohibitory laws, all come at a price.

In theory, people do not object to paying for these things. But that is only true so long as the projects are in the realm of argument. When the tax bill comes for the new services, it comes with a sickening jolt. It eats into savings. It makes good ventures look like doubtful ventures. It flattens the family pocketbook.

A. B. are the first two letters of the alphabet, but the young man or woman who has just won such a degree should remember that all commencers have to start at the bottom in order to reach the top.

Automobile brakes are being tested in Indiana this week, but nothing is being done about testing the mentality of the one who controls the brakes.

A little over a decade ago the United States was urged to enter the war for principle and is experiencing some difficulty in collecting the interest.

When Clarence D. Chamberlin met Von Hindenburg, it is not presumed that he mentioned that little misunderstanding of ten years ago.

Knowledge is essential to success, just as timber is necessary in building a house, but neither is at its best until well seasoned.

Yesterday's Hero—Tony Lazzeri, Yankee third baseman who knocked three home runs when the New York American League leaders beat the Chicago White Sox, second place team, in an 11 inning game. The score was 12-11.

A ninth inning rally when Reeves of the Senators scored on Rice's single gave Washington a 2-1 win over Cleveland.

The Boston Braves hit three of the St. Louis Cardinals' best pitchers—Flint Rehm, Grover C. Alexander and Herman Bell—14 times and won from the world's champions, 11-8.

Hal Carlson, bought by the Chicago Cubs from Philadelphia, was immediately put to work. He was aided by two Cub home runs, and the Bruins won 3-2.

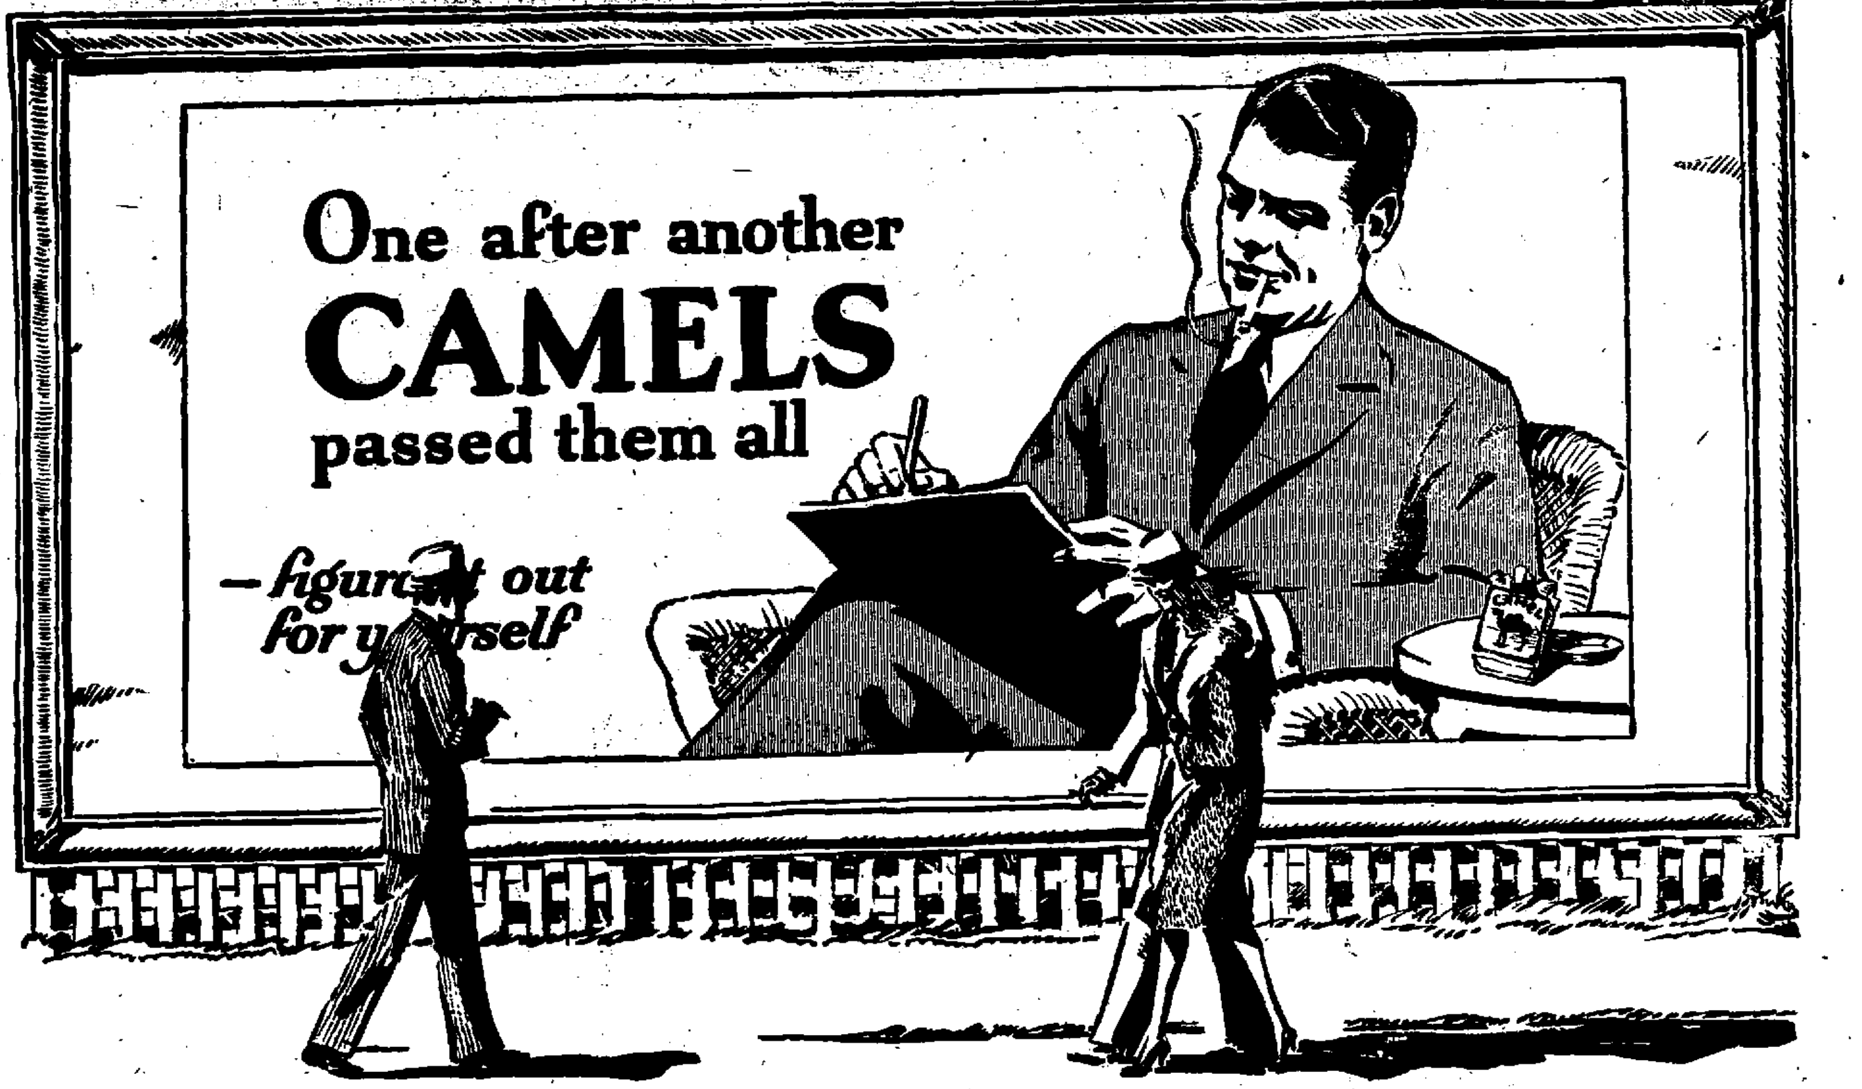
Coming from the rear in the ninth, the New York Giants hit two home runs to beat Pittsburgh, 8-7. Cummings knocked out the first one, and Rogers Hornsby hit his 10th of the year with two on base.

A ninth inning rally by the Phillies fell short, and the Cincinnati Reds won a 5-4 victory over the Philadelphia Club. All the Phillies' runs were scored in the ninth.

A sixth inning rally, and a home run made by Fat Fothergill gave the Detroit Tigers a 5-3 win over the Boston Red Sox, despite 11 hits made by the Boston team off Lil Stoner.

The Philadelphia Athletics won from the St. Louis Browns 7-5. The Mackmen got 15 hits, 13 of them off Stewart in the first four innings.

Iowa City, Ia.—Fourteen varsity "I's" were awarded to members of the Iowa baseball team which finished in a tie with Illinois for first place for the Big 10 diamond title. Fifteen letters were awarded to members of the track team.



IT'S the cigarette of the age—the triumph of all smoking history. Just reflect—at the time when more cigarettes are smoked than ever before—Camels passed them all.

Why? Figure it out and you'll find that Camel is made for the particular smoker whose taste, day by day, is more knowing of quality. Camels are rolled of the choicest Turkish and Domestic tobaccos grown. And what blending! Camel's smoothness and mellowness are qualities distinctive to this cigarette.

If you haven't yet tried them, you'll find all your smoking wishes come true in Camels. Mild, clear and smooth from morning to night. Always so satisfyingly good! *"Have a Camel!"*

HOLDS UP IDEALS FOR TODAY'S GIRLS

FROM PAGE ONE

Rev. Mr. Wilson pointed out. "So many mothers in this world are uncrowned queens. Those mothers are the source of which the blessings of tomorrow are coming to us today. It is she who plants the ideals into the children of the home, who are going out to make the nation what it is tomorrow."

As an illustration the Rev. Mr. Wilson told the story about the returning of the body of John Howard Payne to its last resting place in this country, after having lain in African soil for thirty years, because it was he who had written the words, "Be it Ever so Humble, There is No Place Like Home."

"This home which we are talking about must also have good cheer," said Mr. Wilson, "and also fun. God liked fun, or else he would not have made the monkey, donkey, polly parrot and some people in this world. The home must have courageous girls, who are determined to finish the tasks they begin."

As another illustration of this point, the speaker told the story of a girl who wanted to be a doctor, but everyone made fun of her because she did not have money. Her brother gave her a nickel in a jesting manner, and told her to take it for her education. She took the nickel, invested it in a bonnet and sold it for twenty-five cents. She took the twenty-five cents and invested it, and continued investing her profits until she had enough money to educate herself, and she did become a doctor therefore winning distinction for herself, on account of her courageous character." So girls that same kind of courage must be in the home of tomorrow, if it will be a success you wish it to be," he added.

In closing his talk, the Rev. Mr. Wilson stressed upon the girls the value of sticking to one thing until it is done. He praised the 4H organization and urged everyone to boost the club girls of the county.

H. D. VanMatre, county agent, presided at the meeting.

The program at the gymnasium closed with a piano duet by Lois Ruth Carwein and Jean Ester Brown of Posey township, and a short talk by Mrs. Fred Bell on the 4H club girls of the county. The girls and their mothers and guests went to Memorial Park and enjoyed a bountiful pitch-in lunch after the program, and a delightful social hour together. This meeting was such a success that the club girls voted to have a similar party for their mothers next year.

RHEUMATISM

May be relieved by rational treatment— it can not be rubbed away.

Are you one of those unfortunates who suffer with pains in your muscles and joints, commonly called rheumatism, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S.S.S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I suffered from rheumatism for a good many years. At times my joints would swell so, I couldn't walk. I tried almost everything. Went to Hot Springs . . . . then finally decided to try S.S.S. I took a course. In a short time the rheumatic pains entirely left me. I am now in perfect health, and want to add that I have tried all kinds of medicines but I think S.S.S. is the best." Earl C. Campbell, 115 West Main Street, Johnson City, Tenn.

S.S.S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

From youth to later years S.S.S. is a proven tonic—give it and take it where a tonic is indicated.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

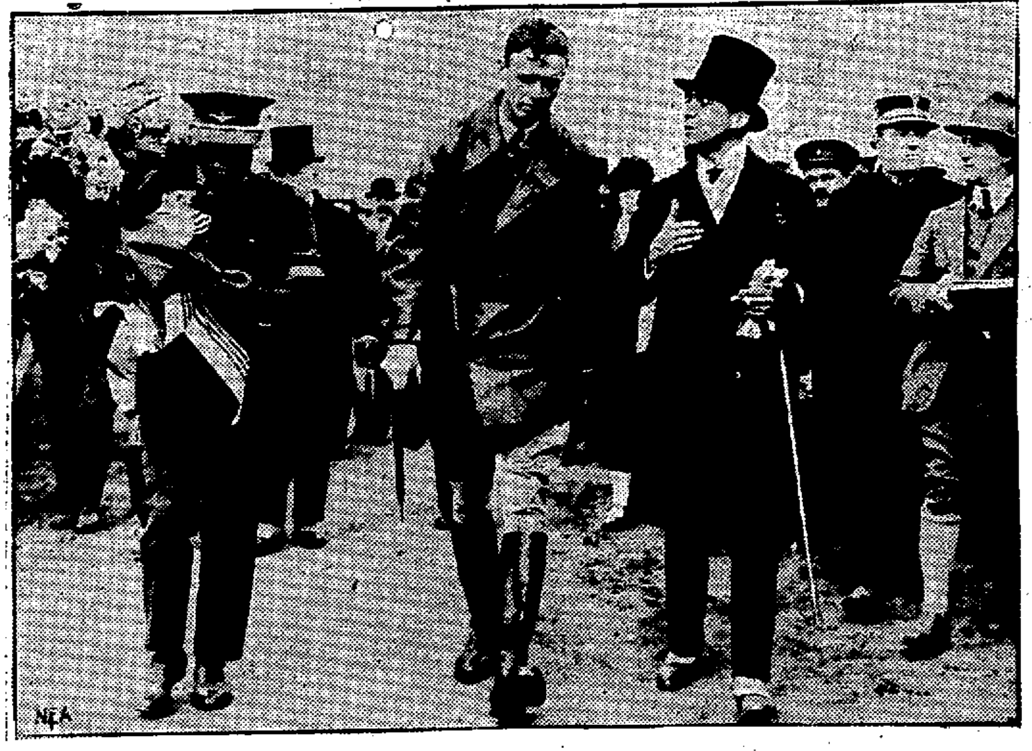
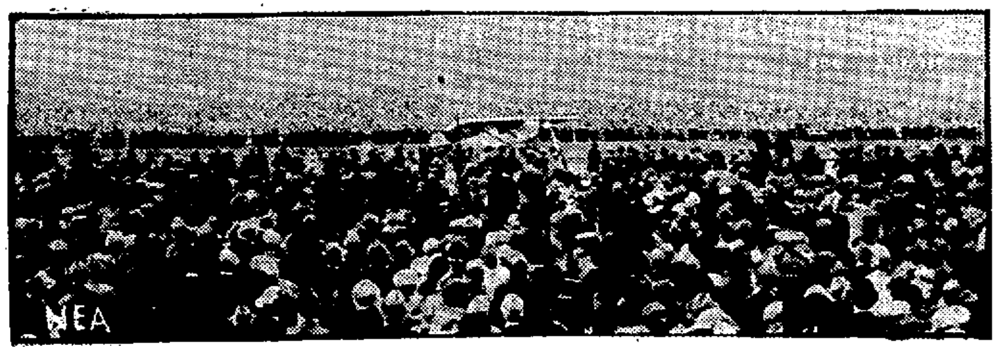
ORDER AND DISORDER — LINDBERGH AT BRUSSELS AND LONDON



Copyright, 1927, NEA Service, Inc.

Tousel-headed as ever, but spick and span otherwise, was Captain Lindbergh when he arrived in Brussels to visit King Albert. Here he is leaving the Brussels aerodrome after an orderly reception. The busy newspaper artist at the right is sketching him as he walks. At the left, a Belgian Air Force member carries a great bouquet presented to Lindbergh when he stepped from his plane.



The "Spirit of St. Louis" was just coming to rest on Croydon Field, London, and thousands of persons were breaking police lines in a rush for it, as this picture was taken. Captain Lindbergh was almost mobbed when the two masses of frantic humanity came together.

GIRLS OF SCHOOL AGE KEEP IN GOOD HEALTH

They Find Lydia E. Pinkham's Vegetable Compound a Dependable Medicine

From the days of the polonaise to the days of the radio, mothers have given this dependable medicine to their daughters. School girls are often careless. They get wet feet. They overstudy or they tire themselves with too many dances and parties. They get run down.

Many an active girl of today, like the demure maiden of the 1870's, has found that Lydia E. Pinkham's Vegetable Compound is helping her to find better health and energy.

"I gave my fifteen-year-old girl Lydia E. Pinkham's Vegetable Compound, and it did her a wonderful lot of good. She had been out of school for four months. I read the advertisements of the Vegetable Compound, and since she has taken it she has improved and has gone back to school again. I recommend the Vegetable Compound to other mothers with girls who are not as strong as they should be."—Mrs. Alice Louthan, Route 2, Charleston, Illinois.

"My daughter was out of school two terms. I have known about Lydia E. Pinkham's Vegetable Compound all my life and finally decided that she should try it. Three bottles helped her in various ways for the next couple of years."—Mrs. W. E. Gillette, 986 E. 52nd Place, Los Angeles, Calif.

"I have always been sickly, and until I was fourteen my father was very strict about my perfect attendance at grammar school. I have gone to school through hard storms and often taken cold. When I was fourteen I took to my bed and did not get up for eighteen months. Everyone thought I could not live. Just four months ago I began taking your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, and I could notice a great change almost at once. Now I feel like a new person. I wish all girls would try Lydia E. Pinkham's wonderful medicine."—Mrs. C. M. Smith, Union Village, Vermont.

Walker Twp. Farm Sale Banning Land and Lot

ON SATURDAY, JUNE 18, 1927, at one o'clock P. M.,, at the Law Office of Morris, Morris and Morris, in Miller Law Building, in Rushville, I will offer at private sale, the two hundred and fifty and a fraction acres of land, formerly known as the Frank A. Mull farm, located about one and a half miles north of Manilla. Its western boundary is the Rush - Shelby County line. Good highway on north and east sides.

It is thoroughly drained, all tillable and is equipped with all buildings and improvements that could be desired, and all good.

THE SOIL

Located in the rich land district of western Rush and Eastern Shelby Counties, the soil is of unchallenged fertility. Crops never fail. No waste land. All ready for farming, without erecting new buildings or structures. Plenty of barn room.

NATURAL GAS WELL

There is an excellent natural gas well on this land which furnishes an abundance, for domestic use, of that rare and highly prized luxury.

The farm is splendidly located, close to good shipping point (Manilla) and furnishes as desirable a place for residence as may be found in the County.

INVESTMENT

There are few farms in Central Indiana, of so rich a soil, and so well equipped for practical farming. The purchaser will have the safest of all investments—rich farm land, well improved. It will, in times of depression, yield a much better net return than any tax free security the market affords; and the value of this farm is as sure of a great advance in the future as that the total wealth and population of the country shall progressively increase. Opportunity may knock for you but once. Invest in REAL PROPERTY, all ready to work for you in the future, as it has in the past for former owners. It has and will yield more food, acre for acre, than is now furnished by European farms, selling for from $500.00 to $1,000.00 per acre. Our own population is increasing between one and two millions per year. Europe is recovering from the waste of the World War, that soon it will require all our surplus of agricultural products.

At same time and place I will offer the undivided half of Manilla Business Block Property. For further information, inquire of

"GOOD ENOUGH" ISN'T SATISFACTION

You have so often heard that phrase "That will be good enough." When it comes to mechanical work on your car, that phrase means less than elswhere. There is no "good enough," it must be right. If it isn't, things will soon begin to tell. The difference comes in knowing how. It may be easy if you know how but it is more than hard if you don't.

We have the reputation of knowing how.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

Life Story of Capt. Lindbergh Who Flew to Fame in 34 Hours

By MORRIS DE HAVEN TRACY
(U. P. Staff Correspondent)

(Copyright, 1927, by United Press)

CHAPTER SEVEN

Out in Montana, Wyoming and Colorado most everyone who went to a country fair between 1922 and 1925 has membership in the "I've seen Lindbergh Fly" Club.

During those years Charlie Lindbergh had just turned 20 years. He was at heart a lover adventurer and he headed west to find it.

In 1922, after he had tired of giving the townspeople of Little Falls, Minnesota, airplane rides, he joined Harold J. Lynch, now of Butte, Montana, and the two barnstormed through the west thrilling the people who gathered at county fairs with the capers they cut in their airplanes.

Lynch was the senior flier. He had been a flight instructor training army aviators during the war and, for that matter, he still is a well known aviator in the west.

"I knew Lindbergh in those days as a fellow who had more pure grit than anyone I had ever seen," said Lynch, telling of their experiences.

"First he was with us as a mechanic, then he became a parachute jumper and general aerial dare-devil.

"One of his stunts was to walk out on the wing of a plane going 90 miles an hour and step off into the air with his parachute. That made many a Roman holiday for the folks who went to the country fairs.

"Everyone called him 'Slim' out there.

"He knew how to fly and pretty soon he had a plane of his own and was ready either to be the parachute jumper or to pilot a 'stunt' machine —whatever the people wanted."

He soon was giving more thrills per hour of flying than any other flier could offer. The "falling leaf" the "Immelmann turn" spins, dives and all of the capers that airmen have invented to make watching crowds gasp with excitement, seemed to come easy to Lindbergh.

"He simply out-aced all the other aces," said Lynch, "with his daring and his tricks.

"His particular specialty was to ascend to a great height, loop and turn in a dizzy series of maneuvers and then swoop down at terrific speed, until even aviators thought he surely would crash. He would come closer to earth than any other flier dared, but he always had control of his plane and just about the moment they were calling for the ambulance to be ready to carry 'Slim' away, his plane would stick its nose up and he would soar away again in a graceful ascent.

"I always wondered when I saw him do that, whether anyone in the crowd had a weak heart. If anyone did, that trick certainly would stop it completely.

Lindbergh became known not only for his stunt flying in Montana, Wyoming and Colorado at that time, but for the characeristic he still has, namely that of being on time at all costs. It became a matter of general knowledge that when Lindbergh was scheduled to fly at a county fair or public carnival, it was certain that Lindbergh would fly. That was not always true of all the aviators who were barnstorming in those days. Many times he would complete his program at one fair, get into his plane and fly, regardless of weather, to the next town for an appearance the following day, braving storms and most difficult flying conditions, rather than disappoint the public.

When the flying season was over Lindbergh went to work in a garage in Billings, Montana. As a sideline to his work as a mechanic, he did parachute drops from time to time, as a bit of advertising for the garage.

Finally Lindbergh tired of Montana and decided to go back to Little Falls. He made his way to the headwaters of the Missouri river and there got a canoe and decided he would go home by boat, canoeing down the Missouri to the Mississippi and then up the Mississippi to Little Falls. He started out alone, as he has been on most of his adventures. All went well until the trip was well underway. Then the boat got caught in an eddy, overturned, sank and left Lindbergh without means of transportation and barely left him alive.

Shoe Facts

WANTED—500 more customers. Why? First I want to have this store running at full capacity, busy all the time and I find that the shoes I am selling are giving real service so that my customers do not have to see me only one or two times a year so that I am in need of 500 new customers.

All shoes are advancing in price. Will endeavor to hold my retail price where it has been and the only way to break even in this is to sell more shoes. Nearly all lines are advancing; one way they have of helping the poor farmer. Wheat and Corn are higher (not many have any for sale) and then everything that he buys goes up.

It pays to buy your footwear from a practical shoe man, so many little things can be left out of a shoe, that should be there for wear and I should know shoes. I always insist that something extra be added to my shoes, one reason they are giving service.

The buying public is doing more shopping and you are welcome to make my store a visit, compare my shoes and prices for I know that I do sell you better shoes for less money; there is a very good reason why I do this.

June 16th will be a holiday for all fishermen in Indiana and my store may be closed part of this day. It depends on what kind of a day June 16th will be.

Make your own test and see how CHRYSLER "60" differs from any other six of its price

Get behind the wheel—and Chrysler "60" will give you 60 miles and more an hour as long as you care to have it with an ease and lack of effort that can only be described as typically Chrysler.

At high speed, step on the brake—the same simple, safe and sure hydraulic four-wheel brake as on the higher-priced Chrysler "70" or Imperial "80"—and the "60" will gently glide to rest or give you a split-second full-stop for the emergency.

Test Chrysler "60" any way you will. For ease of performance and riding, ease of control and handling, there's no getting away from the fact that the six-cylinder Chrysler "60"—with seven-bearing crankshaft, invar-strut pistons, manifold heat control, impulse neutralizer, oil filter, air cleaner, full pressure lubrication, road levelizers and many other features—is obviously unapproachable value in its price class.

We invite you to drive the "60" and note its outstanding differences on the road. Experience its superiorities and never again will you be content with any car offering less in performance at such price.

* * *

Chrysler "60" prices—Touring Car $1075; Club Coupe, $1125; Coach $1145; Roadster (*with rumble seat*) $1175; Coupe (*with rumble seat*) $1245; Sedan, $1245.
